

ACTORS ARE PEEVED

Those at Novelty Made "Cutting" Remarks About City Flu Ban.

"What's the next train out?" disgruntled actors were asking in the dressing rooms of the Novelty theater today. They were a grumbling bunch, those thespians, and their remarks about Topeka as a municipality were not exactly flattering.

"This is the last time I ever play in Kansas," growled one actor, sitting in his dressing room, feet propped up, and reading a magazine, "Tainted Tales," of something like that. "I came all the way from New York to find this." was another's comment. "There is only one thing advantageous about your city with its influenza ban," said one of the girls on the bill. "We have plenty of time to sleep."

"Yeah, I bet the chickens to roost last night," chimed in one of the male thespians. "Got to be about 8 o'clock, nothing else to do."

The actors on the Novelty bill go to Wichita from here and they are praying that that city, which is reported hard hit today, will not be closed down. "If it is, I'm offa Kansas for good," said one.

Roy Crawford, owner of the Novelty, said he did not know for sure whether the actors would be paid for the three days they were in Topeka, or just for the one on which they showed. One of the actors said he was going to be paid. "Here I've been held here three days, when I might have been somewhere where there was something to do, and I'm gonna get my pay or take a grand little squeal." It is thought the actors will at least get expenses for the two days' time lost.

The moving picture owners suffered more heavily. G. L. Hooper, owner of the Orpheum and Isis, said that they had to pay for all their films in advance and that a check for the films which were to have been shown at his theaters the first half of this week was already in Kansas City.

TO WILSON FOR SIGNATURE.

Washington, Feb. 11.—The senate today moved to the conference report on the oil land leasing bill.

As the house adopted the report late yesterday, the measure now goes to the White House for President Wilson's signature.

This marks the end of a fight of approximately ten years to get this legislation through congress.

UNITED STATES BUYS GIANT DIRIGIBLE FROM ENGLAND

The R-38 under construction and glimpse of R-37, nearer completion, at right.

U. S. navy officials recently arrived in England to inspect the R-38 giant dirigible designed along the lines of the R-34, which made the trans-Atlantic flight, and

which is being constructed at Bedford, England, for the U. S. The photo shows the skeleton framework of the R-38. Some idea of the huge size of the air liner can

be gained from the comparative size of the men on the floor below and on the swinging scaffolds in the framework which forms the body of the dirigible.

ONE FOOT IN WATERY GRAVE

Would-Be Suicide Left Wood Foot on River Bank—Folled He Tried Death Beneath Railway Train.

Dallas, Tex., Feb. 11.—Carefully untrapping his wooden leg, W. P. Perry leaped into the cold Trinity river. But with one foot in what he planned to be his watery grave, two deputy sheriffs fished him out. When they strapped the wooden leg on, Perry strove to cast himself under a passing train.

Lunacy charges were filed against Perry today. Police were seeking his relatives.

GYPSY MONEY BOGUS

Four Women and One Man Held by Topeka Police Today.

Five gypsies, four women and one man, were arrested today by Al. Alba, city detective, and a U. S. deputy marshal at 208 Crane street, on a charge of passing counterfeit coins.

During the last two weeks, a large number of bogus coins, mostly quarters, have been noticed in the north end. It was estimated by the police that \$200 or \$400 worth of these "phony" coins had been "dumped" in the city.

When the gypsies were arrested today, the police say they found \$5 in counterfeit coins in their possession. The gypsies claim these were given to them by a person in the north part of the city who they received bad money from gypsies, according to the police.

There are four or five other gypsies selling fortunes over the city, the police say, and these will be arrested soon.

The names of the women arrested today were: Marcia Montes, Erbia Salones, Rosa Ynes and Margarita Ennes. The man was J. W. Olson.

U. S. WILL NOT TAKE PART

Ambassador Davis at London Won't Be Present at League Meet.

Washington, Feb. 11.—Ambassador Davis at London will not be instructed to attend meetings of the supreme council and council of the league of nations, it was said at the state department. These meetings will be held in London until settlement of the exact status of Switzerland in its relations to the league makes it possible to again consider Geneva as a meeting place.

Ambassador Wallace attended meetings of the supreme council at Paris but his functions were limited to those of an observer and reporter. Many questions of interest to the United States are to be decided by the league council, but since this country is not yet a member of the league it will not be represented even informally.

BRENNAN TO AUTO FIRM

Has Been Engineer at Federal Building for Five Years.

Frank E. Brennan, of 504 Lawrence avenue, who has been employed as engineer at the federal building for the last five years, has accepted a position with the Packard Motor company, of Kansas City.

Shortly after Brennan entered the employ of the government at the post office, he created a temporary sensation in Topeka thru checking up the last meter at the building. Bills had been running exceptionally high. After Brennan began his work of checking up the meter, it is said, he divided to something like a normal charge for the service.

POLITICS BALKING TRIALS

Hard to Get Unprejudiced Jury in Bisbee Deportation Case.

Tombstone, Ariz., Feb. 11.—The political significance of the Bisbee deportation cases is playing a big part in making difficult the selection of a jury.

Because of an election held over a year ago in which the question of prosecutions in this case was the issue, the great majority of townsmen have fixed opinions as to the guilt or innocence of the defendants.

A total of 267 veniremen were brought into court from the third part of 500. Of these 33 were excused for statutory causes, such as age and connections with the case, while 133 were excused by stipulation between attorneys. This leaves 101 remaining for examination.

County Attorney French believed a jury could be completed from those remaining, but J. A. Curley, for the defense, thought possibly a fourth venire would be necessary.

FLU PATIENTS NEED CLOTHES.

Provident Association in Plea for Victims at City Hospital.

There are a number of influenza patients in the city hospitals who are well enough to be discharged, but who must stay in the hospital until they are provided with winter clothing. Many of them had no warm clothing when they came to the hospital and doctors and nurses refuse to let them return to their homes without protection from winter weather and possible pneumonia from exposure.

Several calls have come to the Provident association for warm clothing for such patients, particularly for winter underwear. Nightclothes and bedding are also badly needed for distribution by the association to poor families suffering from influenza.

There are little children in Topeka who have no warm clothes and the Provident association asks help to make life a little more comfortable for them.

Warm underwear for children of all sizes would be acceptable contributions to the association, Mrs. Darlene Newby, secretary, said today.

"It's hard to believe that children can live thru the winter wearing as scanty clothing as some of them do in the homes I have visited," Mrs. Newby said.

The association's supply of bedding, underwear and warm clothing of all kinds almost exhausted. In spite of the present springlike weather, it is necessary to provide for several weeks more of possible severe weather. Mrs. Newby, phone 733, will be glad to hear from anyone having donations.

LEGION HOLDS ITS CONTRACTS.

Practically All Acts for Delayed Circus Agree to Appear.

Practically all the contracts for acts in the American Legion circus to be held February 21, the date to which it was postponed on account of the flu ban, have been continued for another week, John A. Pollitt, manager, announced today.

The personnel and equipment of many of the acts are already in Topeka, as they were planning to open February 14. The show people expect to be in over in Topeka until the opening of the circus a week from Saturday. Pollitt believes that it will be possible to have the entire schedule of acts.

TO RELEASE DRAFT PASSER.

Z. I. Drake Held in Texas for Offense in Topeka.

Z. I. Drake, under arrest in Texas charged with cashing a worthless sight draft for \$100 on Bert Huls, a clerk in a lower Kansas avenue clothing store, will be released there upon the settlement of all court costs and the payment, in full, of the expense of Oscar Carlson, deputy sheriff, who went to Texas after Drake. Drake also must pay the \$100 obtained when the sight draft was cashed in Topeka several days ago.

"That is the best thing we can do," said Sheriff Hugh Larimer today upon receipt of a telegram from Texas which stated that Drake, who has wealthy relatives, was ready to pay the \$100 and costs. Otherwise, the telegram from his attorney intimated, Drake would fight extradition. Larimer wired court costs to Carlson and told him to come home providing he covered the \$100 and his expenses.

Rheumatism

A Home Cure Given By One Who Had It

In the spring of 1903 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatism, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marvelous healing power. Don't send a stamp; simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today.
